

## **Michener Institute for Applied Health Sciences**

### Mission Statement

The mission of the Michener Institute for Applied Health Sciences is to meet the needs of the applied health science student and community through education and research. The school emphasizes excellence, learning, relationships, innovation, entrepreneurship and service to help achieve its mission.

### History

The acupuncture program at the Michener Institute was established in 1997. In 2000, the institute's acupuncture program became the first in Canada to be granted candidate status by the Accreditation Commission for Acupuncture and Oriental Medicine. It graduated its first class of acupuncture students in 2002.

### Programs Offered

[IMAGE] The Michener Institute offers a four-year, full-time diploma degree program in acupuncture. The school also has a professional relationship with Mount Sinai Hospital in Toronto.
